Benefits of Cloud Services

SCALABILITY

Add and remove data, users, sites, and tools freely as your workload ebbs and flows – without giving up any functionality

PREDICTABILITY

Predictable total cost of ownership

CONTROL

Control of functionality and you always own your data

SECURITY

Increased quality and security – leave IT to us.

PERFORMANCE

SLA's

RELIABILITY

24x7x365 proactive monitoring and remote support to provide guaranteed uptime on standardised tested platform

Services Infrastructure Boundaries

Sites using Cloud Services in the UK

Spire Healthcare

KIMS

(Many sites in Netherlands and in Europe)

A **Proven** Platform !

10 Data Centers

That Connect

Over 320 sites

And secure more than

80,000,000 Studies

And managed Approx

2 Petabytes of Data

- And growing !

Carestream

Vue Cloud Archive

Vue Cloud Archive

Freedom of choice + Complete Control

- **No more silo's with an XDS repository**
  DICOM, HL7, XDS-i, and other document formats such as JPG, MPG, PDF, ECG, EKG, etc
- **Pay Only for What You Use**
  No upfront investment, no idle server and storage
- **Protect Your Data with an off-site Disaster Recovery**
  Secure, highly availability archive with active monitoring and remote management
- **Freedom To Expand Without the Worry of Technology Obsolescence**
  Your last migration ever
